Rock Breaker

AVAILABLE FOR 1-60T

Aussie Buckets' Rock Breakers also known as Hydraulic Hammers, Rock Hammers, or Concrete Breakers are engineered for maximum impact, delivering exceptional breaking force across rock, concrete, and asphalt. Designed with advanced hydraulic components, these breakers ensure powerful penetration while incorporating noise reduction and vibration dampening technology, minimising site disruption and improving operator comfort.

Built for durability, each unit undergoes a state-of-the-art heat treatment process to reduce piston wear during lateral movements, extending service life and reliability. To minimise downtime, the breaker includes replaceable

components for easy maintenance. Every unit comes pre-charged and includes a head bracket, two chisels (wedge &moil type), spring-guarded hoses, side couplers, a service kit, spare seal kit, and an empty nitrogen body for maintenance adjustments.

Optional post cap attachments and side mounted ear plates are also available for additional functionality. Whether you need to break, pry, or demolish, these Rock Breakers offer unmatched power, durability, and ease of use, making them an essential tool for any heavy-duty worksite.

Specifications

Tonnage (t)	Chisel Diameter (mm)	Weight (kg)	Flow Rate (L/min)	Pressure (bar)	Impact Rate (BMP)	Impact Energy (J)	Chisel Length (mm)	Hose Diameter (")
1.0 - 1.6	40	120	15 - 30	90 - 120	800 - 1400	250	400	1 / 2
1.7 - 3.0	45	150	20 - 40	120 - 150	700 - 1200	280	500	1 / 2
2.5 - 4.5	53	180	25 - 50	120 - 150	600 - 1100	420	550	1 / 2
4.0 - 7.0	68	330	40 - 70	140 - 160	500 - 900	700	700	1 / 2
6.0 - 9.0	75	420	50 - 90	140 - 160	400 - 800	1,100	750	1 / 2
7 - 14	85	600	60 - 100	160 - 180	400 - 800	1,400	850	3 / 4

55 - 60	195	5400	150 - 200	200 - 260	150 - 200	21800	1,700	1-1 / 4

Features

Advanced Hydraulic System

Built with premium hydraulics and seals. Models 19T+ feature a large accumulator for a stable hydraulic system.

Noise Reduction & Vibration Dampening

Boxed body with noise-cancelling dampeners reduces noise and vibrations, ensuring a quieter, safer worksite.

High-Quality Design & Durability

Best performance for price on the market, high impact energy and impact rate for faster material processing.
